March 2021 Update

Dear Parents and Carers,

I hope you and your children are well and are feeling more positive now there seems an end in sight to this difficult time.

At St Michael's Church of England Academy we are excited to welcome all of our new pupils in the new school year and look forward to meeting all the children and families over the coming months. We are very much looking forward to working in partnership with you to ensure that your child has the best possible start to their primary education.

In the next couple of months, pupil places will be allocated and we will be preparing inductions for our first cohort. Given the current Covid-19 pandemic, how we support induction into our school may look a little different to what we would have done in normal times; however, please rest assured that we are here for you and we will do all we can to ensure that your little one is ready, confident and excited about starting school in September 2021, while always considering Government guidance and their safety and wellbeing.

We understand that starting school can be a daunting process and we believe the induction of a new child to our academy family is important and crucial to ensuring their future success. Which is why at St Michael's Church of England Academy, we will do everything we can to ensure our families are fully informed about the journey ahead; the curriculum that will be taught, the approach to teaching in the Foundation Stage, as well as the practical arrangements of starting school.

The building work at St Michael's continues to progress, and so we wanted to share a preview of the Main Hall and some of the beautiful interiors.

As part of the Learning Academy Partnership, St Michael's Church of England Academy will have access to the expertise and resources of this successful Trust. The Trust provides a first-class education to its pupils across the South West, and has done so since it was founded ten years ago.

I am so looking forward to being able to show you around our beautiful new school in person soon and welcoming successful applicants into the St Michael's community.

Mrs J Edwards
