

'The Future we Create Everyday'

St Michael's Weekly Newsletter

Tuesday 21st September 2021

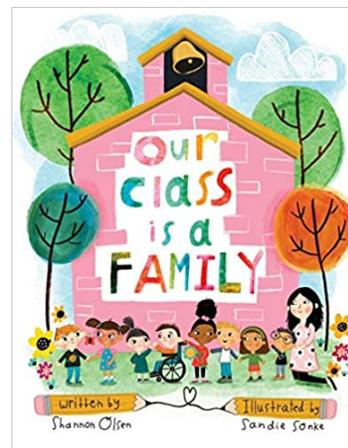

HOME LEARNING

Over the summer we shared some of our 'Achievosaurus', these are dinosaurs that help us to think about how we learn. We are going to create a learning dinosaur display in the classroom and would love it if you could make 3D dinosaur junk models. Use old boxes at home to make some dinosaur delights!

Dear Parents / Carers

This week we have shared the story 'Our Class is a Family' and discussed how at school we all work together. We shared ideas about how we can help each other and be a good friend. The children were brilliant at sharing their ideas about how to play and work together.

Excitingly this week we have started our phonics learning journey. Here at St Michael's we teach early reading using the phonic scheme Read, Write, Inc. The children have loved meeting Fred the Frog, who only talks in sounds and learning to read and write our first set of sounds:
m / a / s / d / t .

Finally on Friday this week Little Bear, our class mascot, will start visiting our lovely children for the weekend. He will bring his diary and a book to share his love of reading with you all. Please share your weekend with Little Bear by commenting in the diary and uploading any pictures to Tapestry.

Mrs Edwards and Mrs Grant

Our Vision & Values

As we have started this new term together we are living our vision of 'The future we create every day' as we build the foundations and relationships for the rest of the year and the exciting future ahead!

Star of the Week

This week we celebrate George.

From the first day he walked in, George has been such a lovely, smiley member of our class. We have been so proud of how he's already showing our school values around the school. Well done George!

Important

Please remember to name all of your child's belongings and for your child to have a water bottle in school.
Thank you
