CHURCH OF ENGLAND ACADEMY

HOME LEARNING

For home learning this week, we would like you to think about your journey to school. Do you live close by? What streets do you drive/walk on to get to school?

Do you pass the train station, library or doctors surgery on your way?

Could you make a simple map of your journey to school to share in class next week.

Dear Parents & Carers

Welcome back to the start of the Summer term!

We have lots of exciting things happening this term including a trip on the Steam train, a beach 'sports day' and a forest school visit. Look out for key dates coming soon.

This week in school we have begun our learning 'Let's Investigate – where we live'. We shared the story 'Here we are' by Oliver Jeffers. A wonderful book, which takes us on a journey around our planet and leaves us with one simple job ... "Some things about our planet are pretty complicated, but things can be simple, too: you've just got to be kind".

Thank you to everyone who uploaded the photos of your homes. The children have used the pictures of their homes to talk about where they live. We have drawn pictures of our homes and shared the things we like best about them. We used our address to find our homes and our school on Google maps too!

Have a wonderful weekend.

Mrs Edwards and Miss Grant

Our Vision & Values

This week we have been thinking about our value of **community** and sharing with the class who we live and thinking about how our homes make us feel. We all live in very different buildings but what makes it a home is who we share it with.

Star of the Week

This week we celebrate **Millie**

Millie is such a happy, confident child who has grown so much since she started in Nursery in September. Everyone likes to play with Millie as her smile is infectious! Thank you on adding so much to our school family Millie.

Important

We will be sending out permission slips for the various trips and activities this term, do look out for them and return as soon as possible.
