HOME LEARNING

Log in to Times Table Rockstars and play Numbots too.

Reading

Please read at least 4 times a week. Repetition builds recognition of unfamiliar words to make them easier to recall and read at speed. Please log in to Oxford Owl, read the book and take the quiz.

Reading Journals

Friday is book swap day. Please return your child's reading books ready for them to receive a new one based on their reading this week.

PE

Monday. Please come to school in your PE kit

Dear Parents and carers.

What an eventful week we have had in Oyster Cove this week!

I have been so proud of the children this week. The second week back from any holiday can often be where the children show tiredness, but nothing has stemmed their desire for learning. Highlighted by George's delight at sharing one of his birthday presents with the class. As we have all become geographers this term, learning about the UK, George brought in his new globe to share with the children and we have all been testing our knowledge against its talking quizzes!

As mathematicians, the work we have done on times tables is paying dividends, as we learn about multiplication and adding equal groups. The children have absolutely smashed it this week!

In science, we have continued our learning about animals and humans and the children showed their understanding of life cycles. We built on last weeks learning of living things growing from babies into adults and used that to help understand the life cycles of different animals.

If anyone needs any help accessing Numbots, Oxford Owl or Times Table Rock Stars, don't hesitate to ask. They all have such a massive impact on the children's learning.
