Dear Parents and carers.

The children have had a fantastic week of learning in Oyster Cove this week. We have been talking about how we learn and making use of our retrieval practice. The children have become experts in this and very articulate at explaining how they access knowledge they have acquired in previous lessons.

As artists, we continued our batik learning with Gloria Petyarre and explored pastel tonal shading. As geographers, we learnt about the different points on a compass and how this helps us find the right direction or locate things.

We have finished our learning on fractions this week and we are moving on to time next. Can we help our children at home by helping them read the time whenever possible.

Next week, we start our cricket and rugby lessons at Paignton rugby club. Can we make sure we are sending our children in their PE kit on Tuesday please. This will be happening weekly until the end of the year.

As ever, if you have any questions, don't hesitate to ask.

Mr Sherlock
