HOME LEARNING

For home learning this week we would like you to find things that are taller and shorter than you.

This can be at home or while you are out on a walk – can you find something that is shorter/taller than you and take a picture to share on

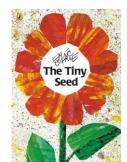

Tapestry?

Reception children: please continue to read your words/books as much as you can with your grownups at home. We recommend at least three times in the week to help develop fluency.

Dear Parents & Carers

This term our theme is 'Let's Investigate – the world around us'. This week we have been learning all about seeds. The children have enjoyed exploring different seeds in class and even trying some edible pomegranate seeds at snack time. We were fascinated to see the size of an avocado stone and have set up an experiment to see if we can grow an avocado plant in class!

Our text this week has been the story 'The Tiny Seed' By Eric Carle. This is the lovely story of how a tiny seed travels from its parent plant and blows across seas, deserts and mountains, braving many hazards along the way, before finally finding a place to settle and grow into a beautiful flower so that the story can start again.

In maths this week we have been learning about taller and shorter. The children have compared their heights with each other and enjoyed drawing around each other to measure using cubes and blocks.

This week we have welcomed Zarah and Gracie to our nursery class. All the children have been very welcoming and kind.

Have a lovely weekend.

Mrs Edwards and Miss Grant

Our Vision & Values

Our 4 values of Love, Hope, Wisdom and Community underpin our Christian vision; 'The Future we Create Every day'.

Spring is a reminder that God is all about making things new.
